RE: 2017-18 NYSCH MEMBERSHIP

Dear Colleague,

It's that time again, to renew your NYSCH (The New York Society of Clinical Hypnosis) membership . Our membership organization is committed to advancing knowledge and training in the Art and Science of Clinical Hypnosis. Membership is open to all LICENSED HEALTH CARE PROFESSIONALS holding a master's degree and/or above; student memberships are offered for those enrolled in full-time Master's Level or above degree programs.

Our meetings historically have been held in Queens or Long Island, in order to be more available to all practitioners in the five boroughs, Long Island, Westchester, New Jersey, and Connecticut.

BENEFITS OF MEMBERSHIP:

- **Free admission to our [4] yearly training courses**
- **8 credits toward your ASCH certification***
- **Networking**
- **Referrals**
- **Collegial atmosphere**

➤ **All training courses and workshops are taught by a member of Board of Directors (all of whom are licensed ASCH Consultants) and/or other skilled, licensed clinicians, and will have received approval for ASCH credit.**

➤ **Spring BASIC and Fall INTERMEDIATE Workshops provide 40 credits [20 credits each workshop] toward your ASCH certification.**
